A short guide to the valuation of property real estate appraisal in Luxembourg

When do I need a **valuation of property / real estate appraisal**?

When the value of a property or land is required, including a single-family house, a two-family house, an apartment or studio, a parking space or garage, a commercial space, a complete residence or a full administrative building.

Our real estate valuation is required:

- When slicing the value of property in the form of liquidity between inheritors in order to avoid any conflicts
- When a credit next to a bank is needed
- By simple interest in the context of a valuation of the rental and value of the property
- In case of a possible rent adjustment between owner(s) and tenant(s)
- When signing an insurance according to a specific insurance policy

The sworn experts and certified civil engineers of Bureau d'Expertise Peyman Assassi (EPA s.à.r.l.) establish your detailed real estate valuation:

**Fast
Detailed
Professional
In complete confidentiality**
